Q: Tell me about your “family?”

A: I have 2 daughters, their husbands (my sons-in-law) and two grand daughters, who are 4 and 7 years old. My 7 year old grand daughter was just named the National Winner of the Google Doodle contest with her “Dino Doodle” which illustrated dinosaurs spelling out “Google”. It was so exciting considering there were 180,000 entries and the other national finalists were older, included high school students! I try to see my grand children as often as possible and enjoy staying in touch through social media.

Q: Where is your favorite place in the world and why?

A: I love travels to Ireland, especially County Mayo and the town of Ballylinan, where the Dempsey clan live. It's fun to visit relatives (cousins) who live there and are incredibly welcoming! My other favorite place is wherever my family members are, whether Baltimore, MD, Washington, D.C., Montenegro, etc.

Q: If you didn't pursue mental health or law, where do you think life would have taken you? What would have been/was your "Plan B"?

A: I might have been an actor. My ambition was to play center field for the N.Y. Yankees but unfortunately, my greatest skill was in arguing cases in court. There is no market for poetry these days, so it would've been difficult to make a living as a Poet....

Q: Do you have any special / unique talents?

A: I do like to write poetry. I love to sing—it frees the soul. These abilities developed late in life!

Q: Do you have any pets? What kind? What is his/her name(s)?

A: I have 2 dogs and 2 cats: the dogs are Mello and Blue, a Great Pyrenees and a great big mutt! Mello is famous among family and friends as a dog who helps guide Santa's sleigh (because Rudolph's nose wouldn't glow) and protects him on his trip around the world, taking presents to good girls and boys, in an annual poem during the holidays. The dogs get to come to the office every day and clients love them. The cats are also loved and sometimes catch mice!

Q: It's Friday night and you must choose between going to a sporting event, a musical theater performance, an exercise class or staying home on your couch. Which do you choose and why?

A: A musical theater performance. Phantom of the Opera is my all time favorite musical! It spoiled me for other shows. I wish I could sing, "Music of the Night." It is a sad story, but what music!

Q: Anything else you'd like to share with us?

A: I have great respect for Mental Health Professionals with whom I consult and whom I represent. Their work is so important these days! Preserving families. Helping children. Saving lives. They are in the trenches doing difficult work, and I try to support them in any way I can.
