Now more [allied healthcare providers](#) than ever are able to purchase the professional liability coverage they need in order to guarantee that they are protected from a potential lawsuit of complaint to a regulatory board. [Coverage with CPH & Associates](#) gives you peace of mind in knowing that there's someone fighting for you in the event of litigation. Also, the "Avoiding Liability Helpline" exists to offer guidance and legal counsel to prevent a suit from ever occurring. The convenience of applying online saves you time and energy, so you can focus on your busy career. Discounts are offered for newly licensed individuals and for those who have completed risk management courses. Other program highlights include higher limits for state licensing board coverage, deposition expense and medical expense coverage, first aid coverage, assault coverage, and defendant's reimbursements.

Start the New Year off on the right foot and [invest in professional liability insurance](#). Not only are you safeguarding yourself the expense of a costly lawsuit, but you're protecting the future of your career. Don't wait until a complaint is made to your state licensing board to think about protecting yourself from a claim of negligence or malpractice. Investing in professional liability insurance now can save you time and money in the long run. When your career is at stake, you cannot afford to go unprotected.
